

The Aruban Jewish Community celebrates Rosh Hashanah and the arrival of the year 5766

L'Shanah Tova to all the members of the Temple Beth Israel both living on the island and its overseas members from THE NEWS. A number of island visitors joined the congregation on Friday evening at sunset in the synagogue in Oranjestad as they welcomed the holiday lead by Rabbi Marcelo Bater, which had even greater significance as it also began on the Sabbath. As is often the tradition with Temple Beth Israel this special occasion was observed not only with prayer, but also with festivities in the synagogue's social hall with tempting treats prepared by the members.
